

Hanford Site Chronic Beryllium Disease Prevention Program (CBDPP)

Stan Branch

Richland Operations Office

Hanford Advisory Board

Health, Safety and Environmental Protection Committee

June 18, 2015

U.S. DEPARTMENT OF
ENERGY

Be Corrective Action Plan (CAP)

- Be CAP was approved by DOE-HQ in September 2010
- CAP supplement addressing new consensus process and high-priority Phase 1 products was approved by DOE Office of Environmental Management (DOE-EM) in September 2011
- CAP supplement addressing lower priority Phase 2 and Phase 3 products was approved by DOE-EM on March 13, 2012

U.S. DEPARTMENT OF
ENERGY

Be CAP Status

- DOE HQ Enterprise Assessment review March 2015, awaiting final report, no findings, 3 Opportunities for Improvement (OFI) identified below;
 - Identify the remaining CBDPP program activities needed to be completed (i.e., GAP Items – actions identified during the resolution of a corrective action OFI)
 - Complete implementation of Rev 3 and Rev 4 resolution forms (i.e., cost vs no cost impacts)
 - Revise Hanford Integrated Standards Management Plan (41080)
- DOE RL/ORP closed BeCAP April 2015
- BeCAP Staff returned to their respective job assignment or equivalent positions effective April 27, 2015

U.S. DEPARTMENT OF
ENERGY

Be CAP Status

- Remaining 2 BeCAP items sent to Senior Management Team (SMT) for resolution
 - Workers Comp Advisory Form (SMT referred to RL/ORP Managers for decision, awaiting final decision)
 - Revise Hanford Site CBDPP (closed by SMT on April 29, 2015)
- Revise Hanford Integrated Standards Management Plan (HISMP) – 41080 to be consistent with other site-wide standards
- No Be programmatic funding impacts identified
